

## Help Document:

Learn how to use the system in detail, if you have any questions, they will surely be answered by this document:

**Business Rules:** A user needs to be registered before they can login on the system.

- Customers can only view certain screens and their orders
- Users need to enter an OTP before they can successfully login
- The OTP will be sent to their email address that they registered with
- A timer can be set for the duration of the session, once the timer has expired the user will be logged out
- The user can view their user screen, their profile will be loaded, here they can upload a profile image for their account.
- The user can use the calendar to add events
- The user will be provided with extensive hints to help them navigate the system

## Step 1:

- Login
- If you have already created an account and you are registered on the system, you can login. If you have not yet registered

## Step 2:

- Register an Account, enter your details and press submit.

## Step 3:

- Navigate to the Inventory Page, inventory that is recorded in the system is shown.

## Step 4:

- Navigate to the Suppliers Page, this is where you can create a new supplier and order from the supplier.

## Step 5:

- Navigate to the Products Page, this is where you can create new products, you can write off a product, you can create categories of products and you can write up products which involves adding them.

## Step 6:

- Navigate to the Orders Page, on the orders page, the customer will be able to view their orders, the admin can also view the ongoing orders.

## Step 7:

- Navigate to the Recipes Page, On the recipes page the user will be able to create a new recipe and edit the recipe. Once the customer has added a recipe, they can click generate a.i which will produce a randomly generated artificial image.

Welcome to our system! This comprehensive guide will walk you through the various features and functionalities of our system. If you have any questions, you'll likely find the answers right here in this document.

## Business Rules

Before we dive into using the system, let's go over some important business rules:

1. **User Registration:** You need to be a registered user before you can log in to the system.
2. **User Roles:**
  - **Customers:** Customers can view specific screens and access their orders.
  - **Admin Users:** Admin users have broader access and can manage various aspects of the system.
3. **OTP Authentication:** To successfully log in, you will need to enter a One-Time Password (OTP). This OTP will be sent to the email address you registered with.
4. **Session Timer:** A session timer can be set, and once it expires, you will be automatically logged out for security reasons.
5. **User Profile:** In the user screen, you can upload a profile image for your account.

6. **Calendar:** You can use the calendar to add events to your schedule.
7. **User Guidance:** Extensive hints and guidance are provided throughout the system to help you navigate effectively.

## Step-by-Step Guide

Now, let's walk through the essential steps to use the system effectively.

### Step 1: Login

If you've already registered an account and have your credentials ready, follow these steps to log in:

1. Visit the system login page.
2. Enter your registered email address and password.
3. You will receive an OTP on your registered email address. Enter the OTP to complete the login process.
4. Once logged in, you will have access to your dashboard.

### Step 2: Register an Account

If you haven't registered yet, follow these steps to create an account:

1. Click on the "Register" or "Sign Up" button on the login page.
2. Fill out the registration form with your details, including your name, email address, password, and any other required information.
3. After filling out the form, click "Submit" to create your account.
4. An OTP will be sent to your registered email address. Enter this OTP to verify your email.
5. Once your email is verified, you can log in using your newly created

credentials.

### **Step 3: Navigate to the Inventory Page**

To access the inventory page:

1. Log in to your account.
2. From your dashboard, navigate to the "Inventory" section.
3. Here, you will find a list of all recorded inventory items.

### **Step 4: Navigate to the Suppliers Page**

To access the suppliers page:

1. Log in to your account.
2. From your dashboard, navigate to the "Suppliers" section.
3. Here, you can create new suppliers and place orders with them.

### **Step 5: Navigate to the Products Page**

To access the products page:

1. Log in to your account.
2. From your dashboard, navigate to the "Products" section.
3. Here, you can create new products, manage product categories, write off products, and perform product updates.

### **Step 6: Navigate to the Orders Page**

To access the orders page:

1. Log in to your account.

2. From your dashboard, navigate to the "Orders" section.

3. Customers can view their orders here, and admin users can manage ongoing orders.

## **Step 7: Navigate to the Recipes Page**

To access the recipes page:

1. Log in to your account.
2. From your dashboard, navigate to the "Recipes" section.
3. Users can create and edit recipes here.
4. Click the "Generate A.I." button to produce a randomly generated artificial image based on your recipe.

Congratulations! You are now familiar with the key features and steps for using our system effectively. If you encounter any issues or have further questions, please refer to the provided hints and guidance within the system or reach out to our support team for assistance. Enjoy using the system!

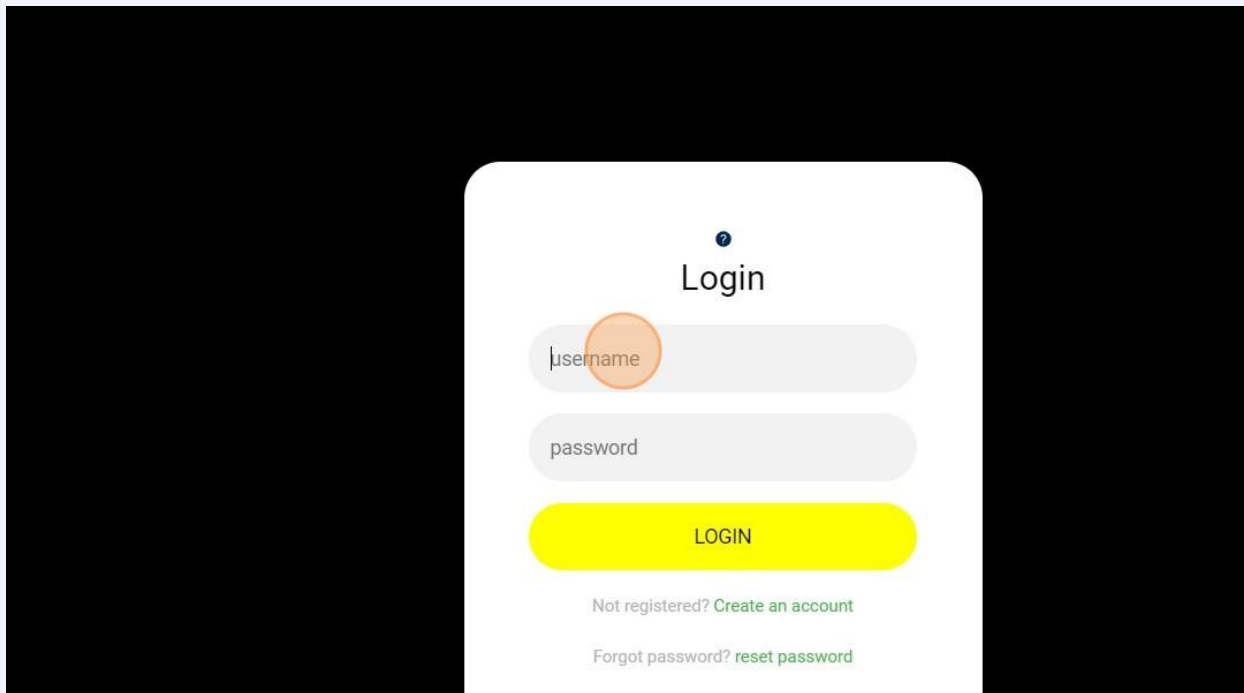

Login Help

Scribe<sup>®</sup>

- 1 Navigate to <http://localhost:4200/Login>

**2** Click the "username" field.

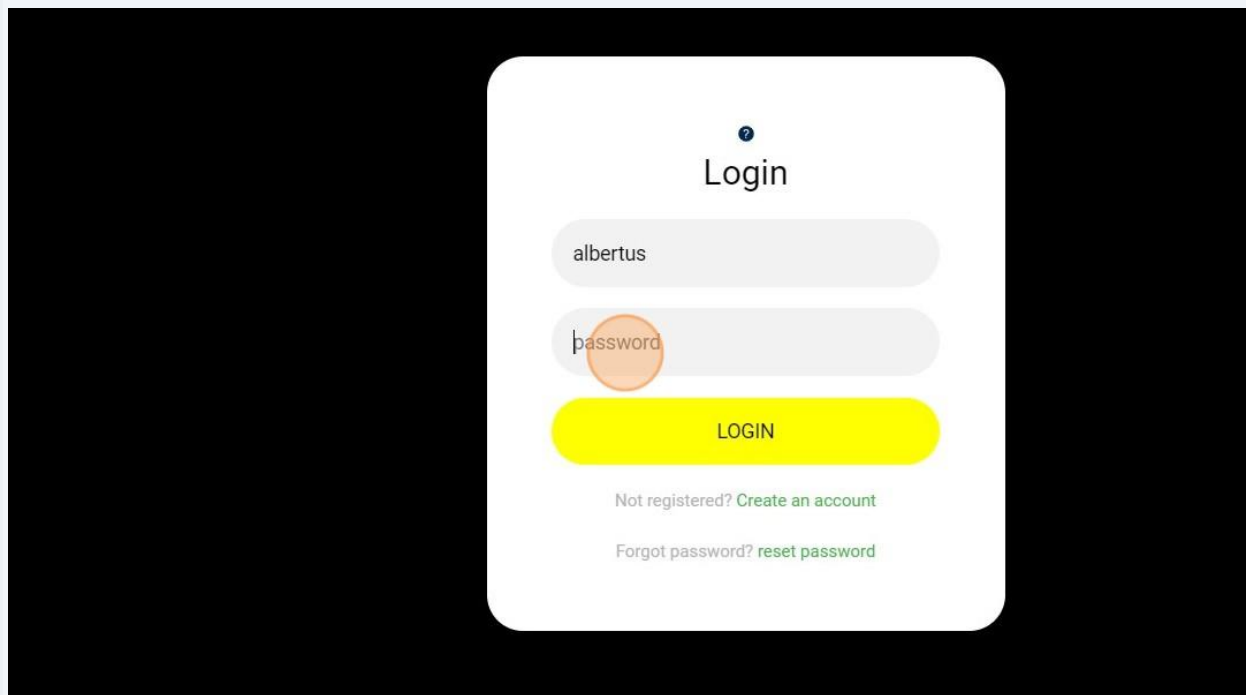

A login form is centered on a black background. The form is white with rounded corners. At the top, there is a small blue question mark icon followed by the word "Login". Below this, there are two input fields. The first field is labeled "username" and has an orange circle highlighting it. The second field is labeled "password". Below the input fields is a yellow button labeled "LOGIN". At the bottom of the form, there are two links: "Not registered? [Create an account](#)" and "Forgot password? [reset password](#)".

**3** Type your username into the fields

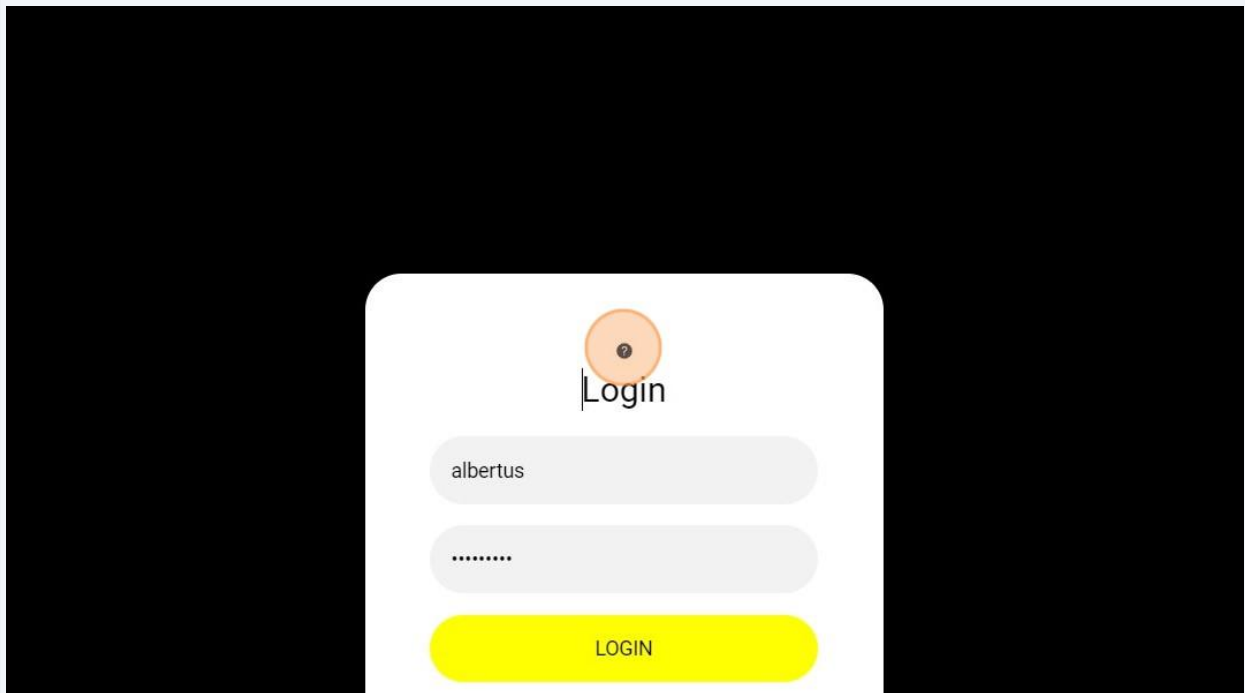

**4** Click the "password" field.

The image shows a login form centered on a dark background. The form is white with rounded corners. At the top, there is a small blue question mark icon followed by the word "Login". Below this, there are two input fields. The first field contains the text "albertus". The second field contains the text "password" and is highlighted with an orange circle. Below the input fields is a yellow button with the text "LOGIN". At the bottom of the form, there are two links: "Not registered? [Create an account](#)" and "Forgot password? [reset password](#)".

**5** Click here for help

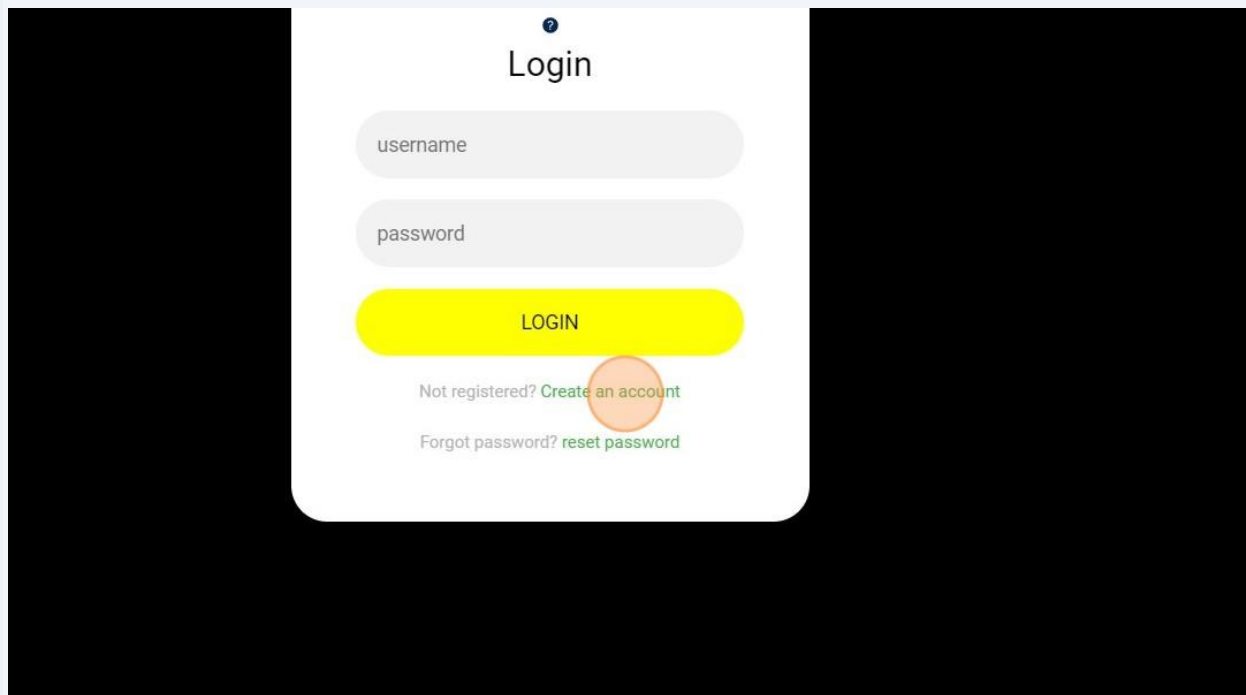

**6** Click log in , you will then be redirected to the application if your details are correct

## Creating an account and registering

Scribe<sup>®</sup>

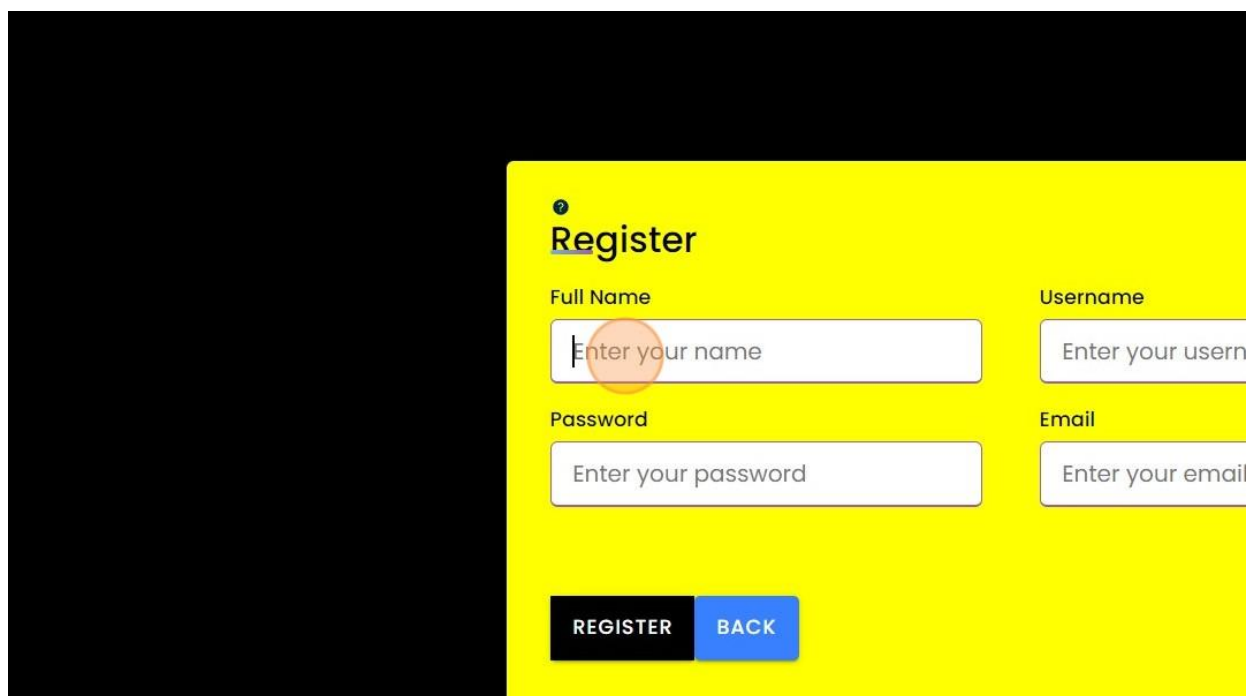

**1** Navigate to <http://localhost:4200/register>

**2** Click "Create an account"

The image shows a login form centered on a black background. The form is white with rounded corners. At the top, it says "Login" with a small question mark icon. Below this are two input fields: "username" and "password". A yellow "LOGIN" button is positioned below the password field. At the bottom of the form, there are two links: "Not registered? Create an account" and "Forgot password? reset password". The "Create an account" link is highlighted with an orange circle.

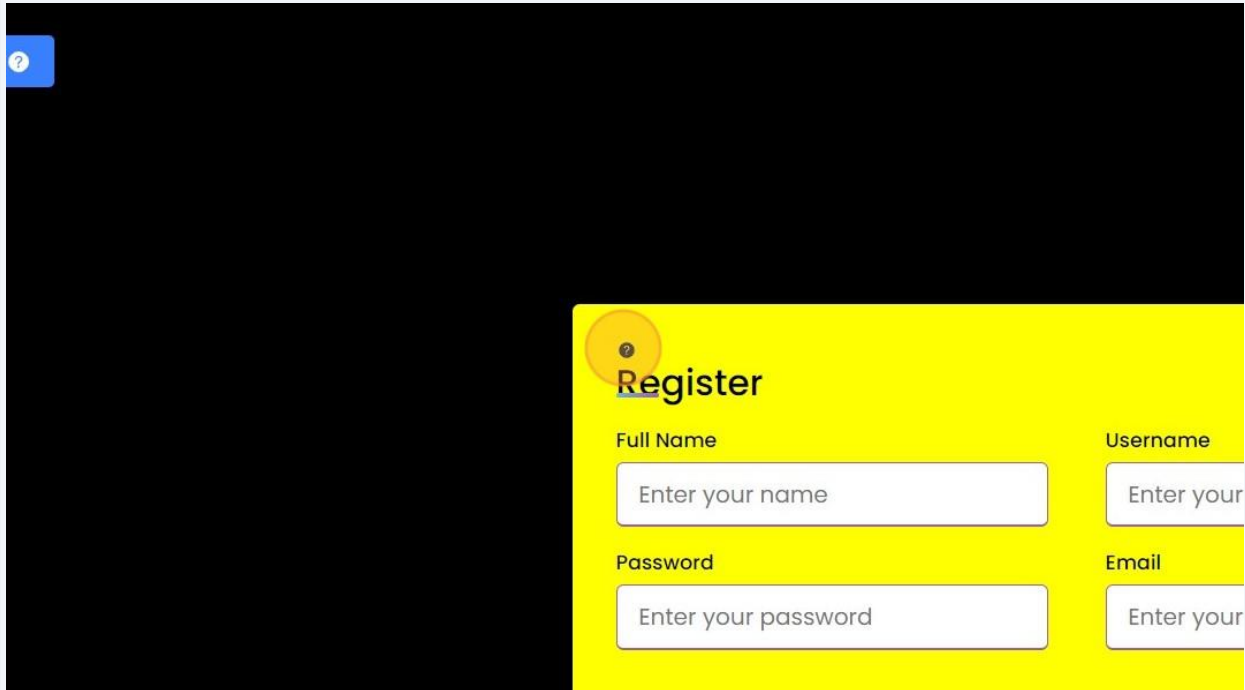

**3** Click the "Enter your name" field.

The image shows a register form on a yellow background. The form is white with rounded corners. At the top, it says "Register" with a small question mark icon. Below this are four input fields arranged in two columns. The left column has "Full Name" and "Password" fields, and the right column has "Username" and "Email" fields. The "Full Name" field is highlighted with an orange circle. At the bottom of the form, there are two buttons: "REGISTER" (black) and "BACK" (blue).

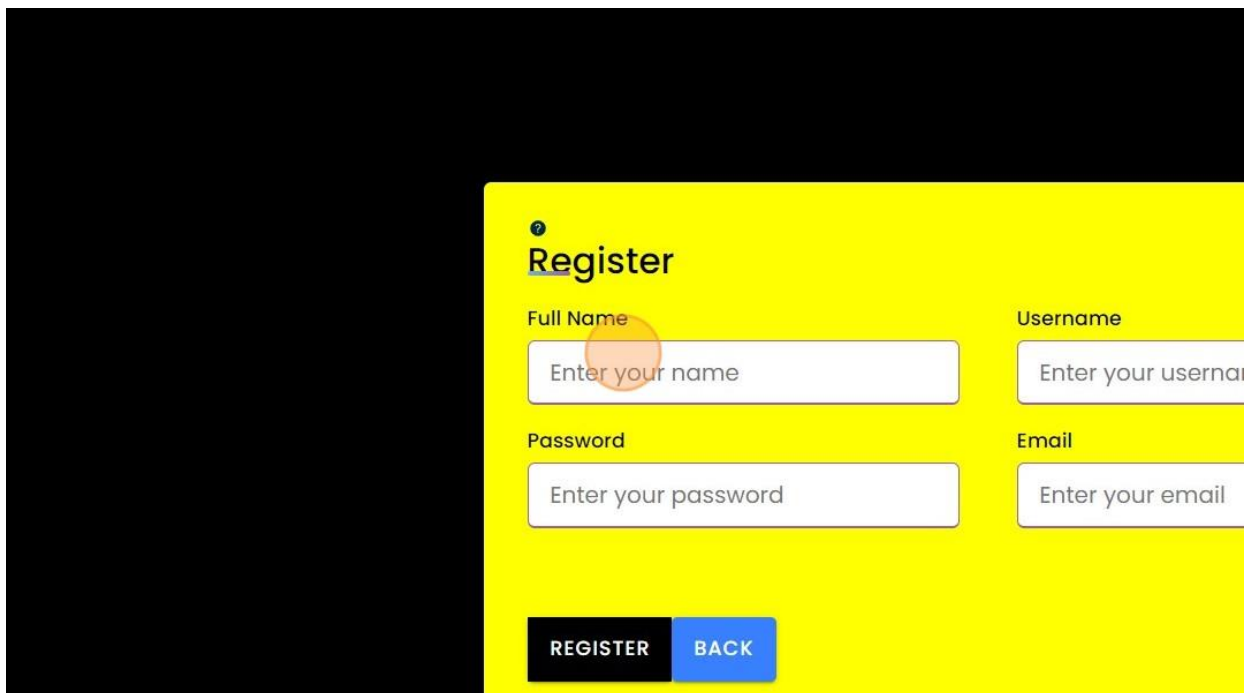

4

Click here if you need help

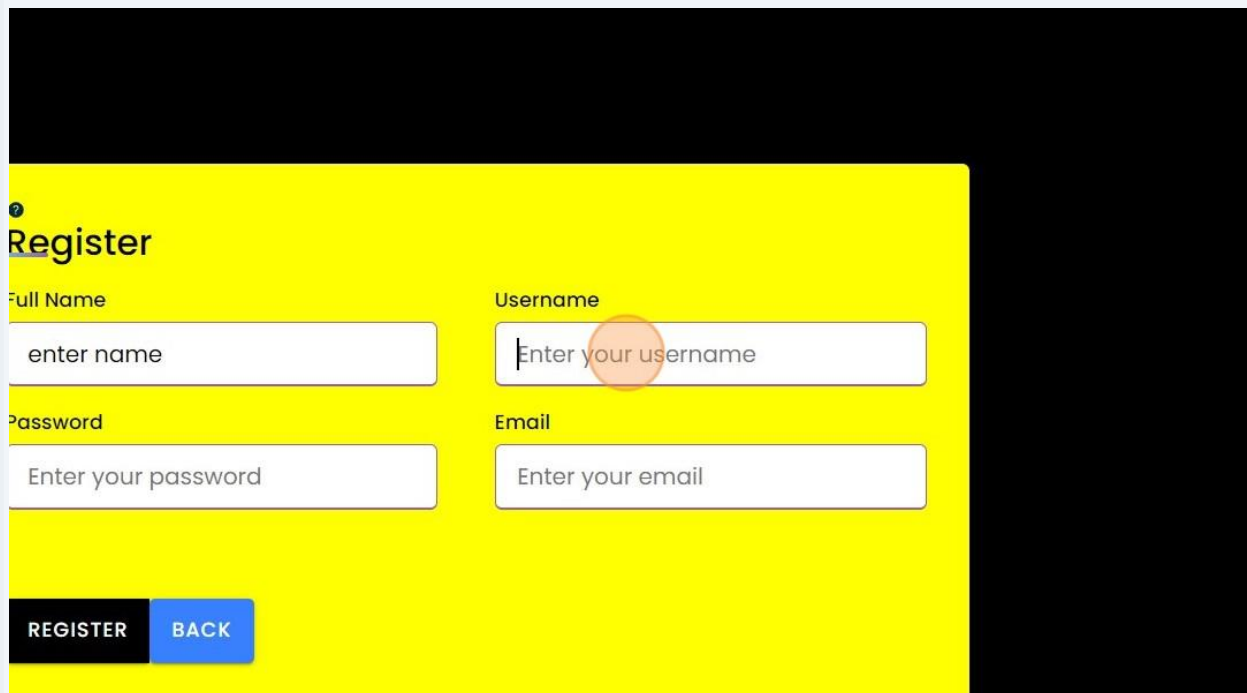

A screenshot of a registration form on a black background. The form is a yellow rectangle with the title "Register" at the top left. It contains four input fields: "Full Name" (placeholder: "Enter your name"), "Username" (placeholder: "Enter your"), "Password" (placeholder: "Enter your password"), and "Email" (placeholder: "Enter your"). A small blue square with a white question mark icon is located in the top left corner of the black area, outside the yellow form.

5 Click the "Enter your name" field.

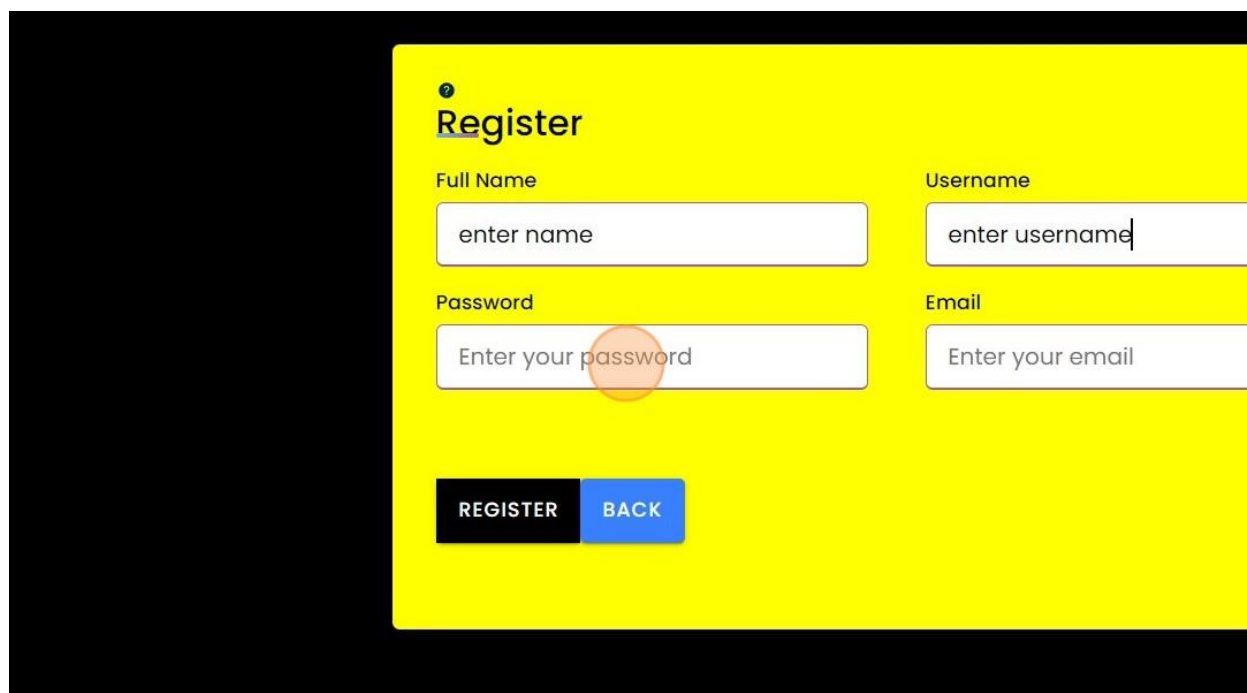

A screenshot of the same registration form. An orange circle highlights the "Enter your name" input field. At the bottom of the yellow form, there are two buttons: a black "REGISTER" button and a blue "BACK" button.

6 Click the "Enter your username" field.

The screenshot shows a registration form titled "Register" on a yellow background. The form contains four input fields: "Full Name" with placeholder text "enter name", "Username" with placeholder text "Enter your username", "Password" with placeholder text "Enter your password", and "Email" with placeholder text "Enter your email". At the bottom left, there are two buttons: "REGISTER" (black) and "BACK" (blue). An orange circle highlights the "Enter your username" input field.

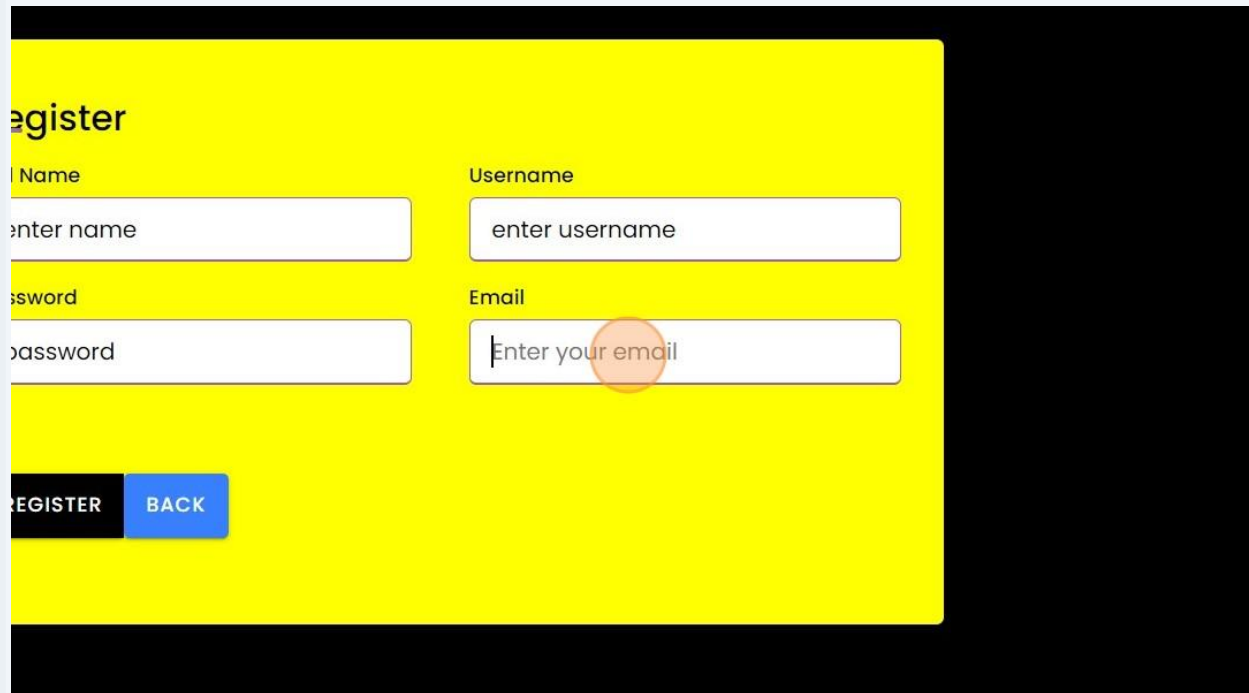

7 Click the "Enter your password" field.

The screenshot shows the same registration form as above. In this view, the "Enter your password" input field is highlighted with an orange circle. The "Username" field now contains the text "enter username". The "Full Name" field contains "enter name", and the "Email" field contains "Enter your email". The "REGISTER" and "BACK" buttons remain at the bottom left.

- 2 Click the "Search Inventory..." field.

The screenshot shows the 'Inventory' page. At the top, there is a black header bar. Below it, the word 'Inventory' is displayed in a large, bold, yellow font. Underneath the title is a search bar with a magnifying glass icon on the left and the placeholder text 'Search Inventory...'. An orange circle highlights the search bar. Below the search bar is a table with three columns: 'Inventory SKU', 'Name', and 'Supplier Name'. The table has two empty rows below the header.

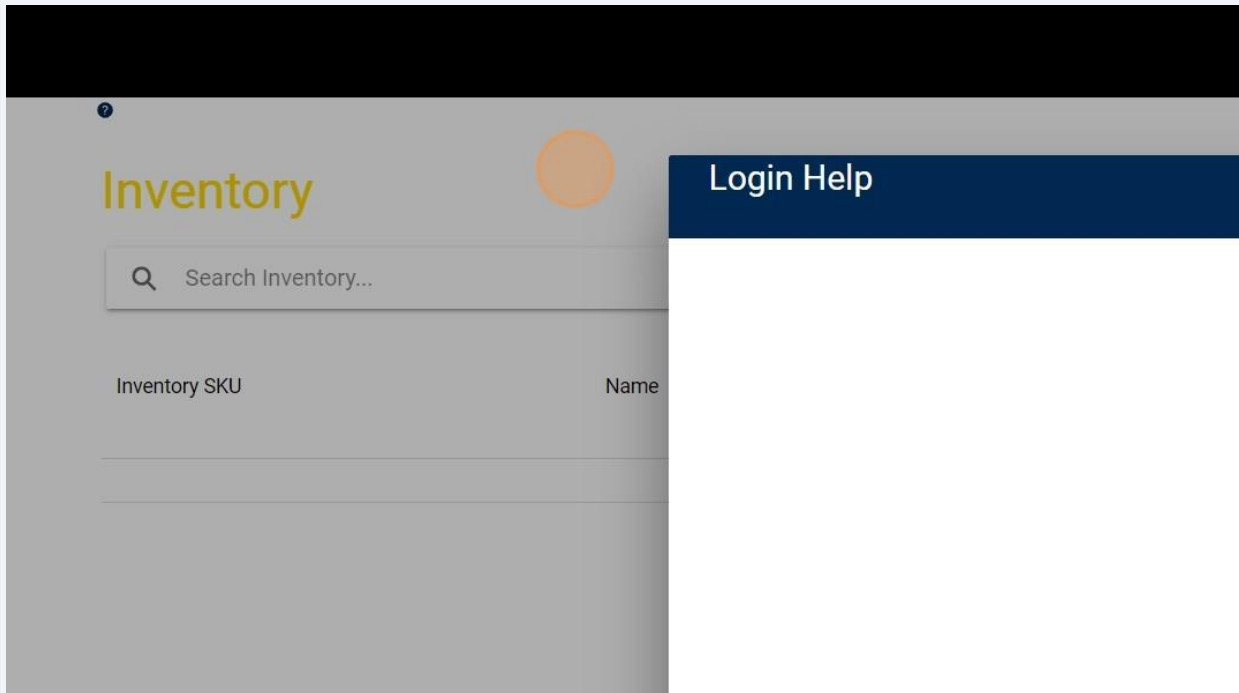

- 3 Type " Backspace"

- 4 Click here.

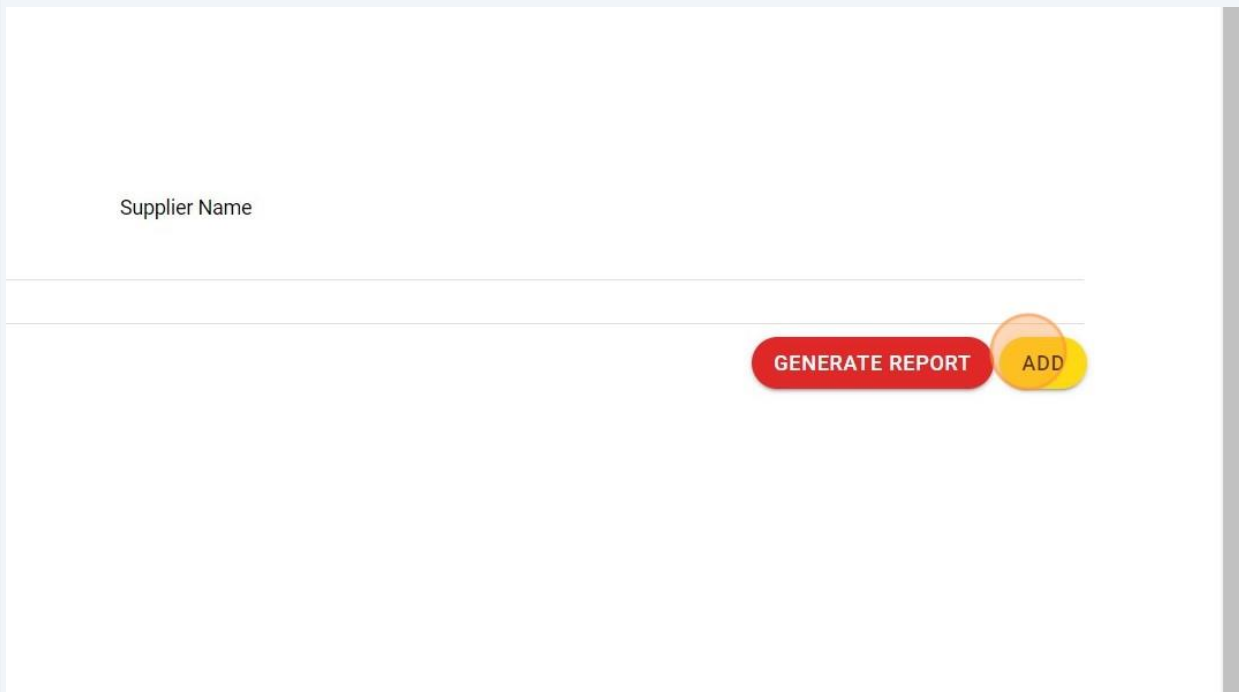

The screenshot shows the 'Inventory' page. At the top, there is a black header bar. Below it, the word 'Inventory' is displayed in a large, bold, yellow font. Underneath the title is a search bar with a back arrow icon on the left and the placeholder text 'Search Inventory...'. An orange circle highlights the search bar. Below the search bar is a table with three columns: 'Inventory SKU', 'Name', and 'Supplier Name'. The table has two empty rows below the header.

5 Click "Login Help"

6 Click "ADD"

7 Click the "SKU" field.

The screenshot shows a web application interface. On the left, there is a sidebar with the title 'Inventory' in yellow. Below the title is a search bar with a magnifying glass icon and the text 'Search Inventory...'. Further down is a label 'Inventory SKU'. The main content area on the right is a dark-themed modal titled 'Add Inventory Item' in yellow. Inside this modal, there are two input fields. The first field, labeled 'SKU', is highlighted with an orange circle. Below it is a red error message: 'An inventory SKU is required.' The second field is a dropdown menu labeled 'Select Supplier \*'. To the right of these fields is another input field labeled 'Inventory Name' with a red error message below it: 'An inventory name is required.' At the bottom right of the modal is a blue button labeled 'ADD ITEM' in yellow.

8 Type "1234"

9 Click the "Inventory Name" field.

This screenshot shows the same 'Add Inventory Item' modal as the previous one, but with changes. The 'SKU' field now contains the text '1234' and has a green underline. The 'Inventory Name' field is highlighted with an orange circle. The red error message 'An inventory name is required.' is still present below it. The 'Select Supplier \*' dropdown menu remains. The blue 'ADD ITEM' button is still at the bottom right. In the background, to the right of the modal, a red button labeled 'GENERATE' is partially visible.
